Treasure Valley New Home Budget Worksheet

Use with our Boise Home Building Cost Guide. Planning ranges only - firm numbers require a written scope.

1. Project snapshot

[ ] Build site address or parcel number: _____

[ ] City (Ada / Canyon): _____

[ ] Do you own the land yet? Yes / No

[ ] Is the lot serviced, or does it need well and septic? _____

[ ] Target finished square feet: _____

2. Vertical construction bands (2026, excludes land)

Build type	Low per sq ft	High per sq ft	Your target
Semi-custom	$225	$300	_____
Custom	$250	$400	_____
High performance	$275	$425	_____
Foothills / high detail	$450	and above	_____

3. Budget buckets (land and site work are separate)

Category	Planned $	Notes
Land	_____	Not included in per sq ft …
Site work, serviced lot	_____	Commonly $25k to $50k
Site work, rural parcel	_____	Commonly $80k to $150k
Design and engineering	_____	5 to 12 percent of constru…
Permits and impact fees	_____	Varies by jurisdiction
Construction contract	_____	Finished sq ft x rate above
Appliances	_____	Client-supplied, not in co…
Landscaping beyond front y…	_____	Often excluded
Fencing	_____	Often excluded
Window coverings	_____	Almost always excluded
Contingency	_____	5 to 10 percent of constru…

4. Compare bids fairly

[ ] Same site work carried by every bidder, or excluded by every bidder

[ ] Allowances at comparable levels, not just comparable labels

[ ] Permits, engineering, and impact fees handled the same way

[ ] Same finished square footage and same garage and covered areas

[ ] Draw schedule and change order process documented

[ ] Exclusions list read in full, not skimmed
